## APPEAL FOR LABOR.

From the 'Franco Labor Council and the Governor's Reply.

Gov. Geer yesterday received a circular letter from Ed. Rosenberg, secretary of the San Francisco Labor Council, urging the governor and citizens of the state to refuse permission to war department to muster out any more troops in San Francisco, for the reason that the discharge of so many soldiers there would result in a glut of the labor market, cause a decline in wages and bring about hard times and suffering.

The Circular says in part: "The strange actions of the department in this matter can be explained only by inferring the following motives, which conditions compel us to note: First, the desire to unduly flood the labor market, and thus check the struggle of the workmen for improved conditions; secondly, to compel the volunteers, driven by want and destitution, to re-enlist; thirdly, to prevent the return of the volunteers to their homes, where to their friends and relatives they would undoubtedly give a true version of the people, the climate, and the general conditions in the Philippines, as produced by our war of conquest."

THE GOVERNOR'S REPLY.

Governor Geer answered the appeal in the following language:

"My Dear Sir:—Your appeal to myself and the citizens of Oregon, to refuse our permission to the war department engaging further in the criminal policy of mustering out the returning volunteers in San Francisco, is received. Permit me to say that, while I have been a workingman all my life and while all my sympathy is with that class of our fellow-citizens at all times and everywhere, your appeal in their interest (?) is illogical, ill-tempered, uncalculated, and demagogical in the extreme. "Your declaration that the war department is moved by a desire to 'flood the labor market and thus check the struggle of the workmen for improved conditions,' is absurd to a degree of imbecility, but equally rational with the other statement that the government desires to 'compel the volunteers, driven by want and destitution to re-enlist' or, as you put it, 'driven by desperation to re-enlist to fight against their own convictions,' etc."

"As every one knows, the soldiers have so far been mustered out in San Francisco solely because they so desired. The question has been left to them by the war department, and there is not a man of them that will not have sufficient money to pay his way to his home. Such demagogic utterances as these, which are not only based on facts, but bear unmistakable evidence of a studied perversion of them, do the real laboring men of the United States grave injustice and, in the end, infinite harm. There might be a better plan than the one of mustering the men out in San Francisco, in fact, I believe there could be; but to seize such an occasion, as the one above noted, to make an inflammatory and almost insurrectionary appeal to our working people, indicates a want of good taste, want of good judgment and a recklessness of statement that does no credit to an organization engaged in its promulgation. "I think I am justified in saying frankly, that the people of Oregon do not at all share in the sentiment expressed in your circular, for they are sincere friends of the real workingman, of whom there is not one now out of employment in the state, who desires it."

A LETTER.

From an Oregon Volunteer Indicates the Regiment Will Scatter.

As bearing on the intentions of the Oregon regiment the following, just received by Salem friends from Ted Burden, a member of Co. L, under date of the Presidio, Aug. 2, will be of interest: "My company goes to Portland after being mustered out, but Company K, has taken me under its wing and I shall stop at Salem with them."

This would indicate that the different companies will drop off the train at points nearest their homes.

THE \*5\* SHOES—Are what you want. The New York Racket sells them.

## ADDRESS TO FILIPINOS.

J. Kelly Poole in the Centralia, Missouri, Courier.

You do not know what a good thing you are missing by not wanting to become a citizen of this grand country of ours. There isn't anything else like it in the sun. You ought to send a delegation over here to see us—the land of the free—land of churches and 400,000 licensed saloons, Bibles, forts and guns; houses of prayer and licensed houses of prostitution; millionaires and paupers; theologians and thieves, libertines and liars; Christians and chain gangs; politicians and poverty; schools and scavenger; trusts and tramps; virtue and vice.

A land where you can get a good Bible for 15 cents and a bad drink of whiskey for 5 cents; where we have men in congress with three wives and a lot in the penitentiary for having two wives; where some men make sausage out of their wives and some want to eat them raw; where we make bologna sausage out of dogs, canned beef out of horses and sick cows and corpses out of the people who eat it; where we put a man in jail for not having the means of support and on the rock pile for asking for a job of work; where we license bawdy houses and fine men for telling the truth on the street; where we have a congress of 400 men to make laws and a supreme court of men to set them aside; where good whiskey makes bad men and bad men make good whiskey; where newspapers are paid for suppressing the truth and made rich for telling a lie; where professors draw their convictions from the same source they do their salaries; where preachers are paid \$25,000 a year to dodge the devil and tickle the ears of the wealthy; where business consists in getting property in any way that won't land you in the penitentiary; where trusts hold you up and poverty down; where men vote for what they do not want for fear they will not get what they do want by voting for it; where the 'nigger' can vote and women can't; where the girl who goes wrong is made an outcast and her male partner flourishes as a gentleman; where women wear false hair and men 'dock' their horses tails; where the politician wire puller has dispossessed the patriotic statesman; where men vote for one thing one day and 'cuss' it the other 364; where we have prayer on the floor of ornamental capital and whiskey in the cellar; where we spend \$2,050 to bury a congressman who is rich and \$10 to put away a working man who is poor; where to be courteous is to be lonesome, and to be called a crank; where we sit on the safety valve of energy and pull wide open the throttle of conscience; where gold is a substance—the one thing sought for—and God is a waste basket for our better thoughts and good resolutions; where we pay \$15,000 for a dog and 15 cents a dozen to a poor woman for making shirts; where we teach the untutored Indians' eternal life from the Bible, and kill him with bad whiskey; where we put a man in jail for stealing a loaf of bread and in congress for stealing a railroad; where the check book talks, sin walks in broad daylight, justice is asleep; crime runs amuck, corruption permeates our whole social fabric, and the devil laughs from every street corner.

Come to us, Filippies! we've got the grandest aggregation of good things and bad things, big things and little things, cold things and hot things, soft things and hard things, all sizes, varieties and colors ever exhibited under one tent. We've got more guns, Bibles and more whiskey than any two shows on earth. If you don't come we'll fetch you. That's what our guns are for. Of course, when you fellows 'jine' us you will have to stop eating each other. You will be meat then. Our people won't stand it to see a lot of good meat wasted that way. You can eat each other's substance that make the flesh. You can get dogged bologna or canned horse meat. It will be almost as healthy and expand our meat trade. Come to our arms.

SALEM PLANS ABANDONED.

Regiment Will Not Deliver Up Its Colors at the Capitol.

A Salem special to a Portland paper says:

The effort to have the Oregon volunteers come to Salem in a body to deliver their colors and give a parade has been practically abandoned. The meeting of subscribers to the entertainment fund on Thursday night took no action toward combining that fund with the one started Monday. It was considered impracticable after the reading of General Sumner's telegram to General Tuttle announcing that the regiment would not be received in Portland, to get the Southern Oregon companies to pass their homes and come here. The general sentiment was in favor of giving a cordial reception to the Marion county companies, instead of diverting the funds subscribed for that purpose. The following telegram was sent to Captain Elmer Worrick, of Company K, by Cland Gatch, chairman of the citizens' meeting, held last night: "Salem people desire to give companies K and M a reception. Telegraph immediately when they will be here for that purpose."
